

New Catalysts for Reactions of Primary Alcohols

Prof. Dmitry G. Gusev

Wilfrid Laurier University, Waterloo, Ontario (CANADA)

Thursday 23rd June, 2011. ICIQ Auditorium, 12 p.m.

Degrees

Ph.D. (Biophysical Chemistry) - Moscow Institute of Fine Chemical Technology (1983 – 1986)

M.Sc. (Organic Chemistry) - Moscow Institute of Fine Chemical Technology (1983)

Professional career

Wilfrid Laurier University, Department of Chemistry

July 2009 – present, Full Professor

July 2002 – June 2009, Associate Professor and (since July 2006) Department Chair

January 1998 – June 2002, Assistant Professor

University of Zurich, Anorganisch-chemisches Institut

July 2004 – June 2005, visiting Professor (Sabbatical leave):

University of Toronto, Department of Chemistry

October 1996 – October 1997, Postdoctoral Research Associate (with Bob Morris)

University of Zurich, Anorganisch-chemisches Institut

1992, 1994 - 1996, Postdoctoral Research Associate (with Heinz Berke)

Indiana University, Department of Chemistry

1992 – 1994, Postdoctoral Research Associate (with Ken Caulton)

Institute of Organo-Element Compounds, NMR facility, Moscow

1987 – 1992, Staff position

Institute of Fine Chemical Technology, NMR facility, Moscow

1986 – 1987, Researcher
