

## Accelerated C-H Activation Reactions: Enantio and Positional selectivity

**Prof. Jin-Quan Yu**

**The Scripps Research Institute, California (USA)**

**Monday 27th June, 2011. ICIQ Auditorium, 12 p.m.**

### Education

- Sept. 1982 – Jul. 1987: B.Sc in Chemistry – East China Normal University, China.
- Sept. 1987 – Jul. 1988: Coursework for M.Sc.Degree – Shanghai Institute of Organic Chemistry, China.
- Sept. 1988 – Jul. 1990: M.Sc in Chemistry – Guangzhou Institute of Chemistry, China.
- Oct. 1994 – Sept. 1999: PhD in Chemistry – University of Cambridge, UK.
- Oct. 1999 – Oct. 2003: Junior Research Fellow of St. John's College – University of Cambridge, UK.
- Feb. 2001 – May 2002: Postdoctoral Fellow – Harvard University, Cambridge, USA.

### Positions

- Oct. 1990 – Sept. 1994: Teaching and Research Assistant in Organic Chemistry – Guangzhou Institute of Chemistry, China.
- Oct. 2003 – Feb. 2004: Royal Society Research Fellow – University of Cambridge, UK.
- Mar. 2004 – Jun. 2007: Assistant Professor – Brandeis University – Waltham, USA.
- Jul 2007 – Aug. 2010: Associate Professor – The Scripps Research Institute – California, USA.
- Aug. 2010 – present: Professor of Chemistry – The Scripps Research Institute – California, USA.

### Recent Awards

- 2010 Novartis Early Career Award
- 2010 Hirata Memorial Medal
- 2009 CAPA Distinguished Faculty Award
- 2008 Eli Lilly Award
- 2008 Alfred P. Sloan Research Fellowship
