

*Synthesis of Biologically Active Compounds via
Direct Arene-Assembling Reaction*

Prof. Junichiro Yamaguchi

Nagoya University, Nagoya (Japan)

Thursday 27th September, 2012. ICIQ Auditorium, 12 p.m.

Professional career

2012.4-present Associate Professor, Graduate School of Science, Nagoya University, Japan

2012.8-2012.9 Visiting Associate Professor, University of Münster

2008.8-2012.3 Assistant Professor, Graduate School of Science, Nagoya University, Japan (Working with Prof. Kenichiro Itami)

2007.4-2008.7 Postdoctoral Researcher, Department of Chemistry, The Scripps Research Institute, USA (Supervisor: Prof. Phil S. Baran)

2004.4-2007.3 Dr. of Eng. Tokyo University of Science, Japan (Supervisor: Prof. Yujiro Hayashi)

2002.4-2004.3 M.S. Tokyo University of Science, Japan

1997.4-2002.3 B.S. Tokyo University of Science, Japan

Awards

2011. 7. Young Scientist's Research Award in Natural Product Chemistry, Japan

2009. 2. Teijin Pharma Award in Synthetic Organic Chemistry, Japan

2007. 4. JSPS Postdoctoral Fellowship for Research Abroad

2006. 3. CSJ Student Presentation Award

2005. 4. JSPS Research Fellowship for Young Chemists (DC1)

2004. 3. Kodama Science Award
